RE: VAR-18973 and ZON-18972 Objection

Regarding the above noted Zoning and Variance requests for the property located at 1506 S. Jones Blvd., I am a Managing Member of Jones Professional Center, LLC whose address is 1301 S. Jones Blvd., Las Vegas, NV 89146 and I am opposed to both requests on the following basis:

1. The current development of this particular corridor of Jones Blvd has been mostly professional office space. This is consistent with the current zoning for the existing parcel and will provide for stable appreciation and consistent construction of this and the surrounding land. A modification of the existing zoning to C-1 (limited commercial) will disrupt the future continued development of the Jones corridor from an improving professional corridor to one that may represent the Charleston commercial corridor which is significantly less attractive for professionals. Our recent addition of 9,000 square feet as well as our original 5,000 square feet of development was done consistent with this zoning requirement, and I strongly oppose any zoning modifications.
2. The requested variance to reduce the front setback from 20 feet to 15 feet is no doubt to provide for additional parking as the applicant/owner appears to be attempting to overbuild the site by putting 21,551 square feet of office on such a small parcel. As the set back is to protect the aesthetics and safety of the entire corridor, I am opposed to this request as well. In addition to the aesthetics and safety factors that are created as a result of a reduction of the required set back, this will also disrupt the current development of this area, which in recent years has been steadily improving and will reduce the value of the property surrounding this development. Accordingly, I am strongly opposed to this variance.

Sincerely,

John Wightman

Regarding the above noted Zoning and Variance requests for the property located at 1506 S. Jones Blvd., I am a Managing Member of Rich Properties, LLC whose address is 1301 S. Jones Blvd., Building A, Las Vegas, NV 89146 and I am **opposed** to both requests on the following basis:

The current development of this particular corridor of Jones Blvd has been mostly professional office space. This is consistent with the current zoning for the existing parcel and will provide for stable appreciation and consistent construction of this and the surrounding land. I strongly object to the re-zoning and variance request for Max Jones Professional Plaza. To put a 21,500 sq. ft building on 37,000 sq ft of property in an already congested area seems completely out of context. Located before a curve portion of Jones Blvd makes it even more congested. I do not know the standard for sq ft of parking per sq ft of building space but ; where do the cars park and how do they get in and out without impeding traffic flow?

RE: APN 163-01-201-006

To Whom It May Concern,

My client, Richard T. Crawford dba Green Valley Grocery would like to go on record and object to the zone change to C1 regarding this future development. This is the only objection we have against this development.

I would appreciate that this letter be referenced in any City Council Meeting in regards to this matter. If you would like any further comment from me, I can be reached at 702.221.7000

Sincerely,
